Total number of observations	359392, 20, 49171, 440098 Entries in total of 4 tables/csv files
Total number of files	4 Files/csv files
Total number of features	7, 3, 4, 3 columns respectively
Base format of the file	csv
Size of the data	30.7 MB

Proposed Approach:

Datasets are consistent, I did merge some tables for better readability, apart from that everything is to the point.

I did a detailed report on the upcoming decision about which cab services to invest in.

In short “Yellow cab” services are best and provide robust services, thereby making them a great choice for the investment.
